# Chapter 3

CHUNKING TEXT is important skill and an effective comprehension strategy to help the reader understand the text that s/he is reading.   When the reader "chunks text", they break the text/chapter/reading into pieces, and the reader writes down important events/characters/conflicts/vocabulary from the "chunk" of text. This strategy helps the reader understand their text better.

Directions: Read chapter 3 independently.   Place a sticky note in each one of the blocks.   Write down three important events/actions/conflicts/vocabulary from the section.   Lastly, after reading all of your sticky notes, write a one-line summary of the chapter.
